NOTE: THE HUNTER AND ALLEN COLLECTIONS
ARE NUMBERED 1 TO 1022, AND ARE DATED
FROM JANUARY 19, 1935 TO APRIL 24, 1935.
UNFORTUNATELY A BLOCK OF LABELS WERE PRINTED
AT THE MISSOURI BOTANICAL GARDEN, ON WHICH
MY NAME ALONE APPEARS, SO THAT THERE ARE
HUNDREDS OF CITATIONS IN THE FLORA OF IDENTICAL
ALLEN NUMBERS HAVING WIDELY DIFFERENT DETERMINATIONS
USUALLY IN DIFFERENT PLANT FAMILIES. THE GREAT
MAJORITY OF THESE ANNOYING DUPLICATIONS WHICH, OF
COURSE, FALL IN THE NUMERICAL SERIES FROM
1 TO 1022, ALTHOUGH THERE ARE A FEW OTHERS,
WHICH ARE APPARENTLY THE RESULT OF COPYING
MY COLLECTING NUMBER INCORRECTLY ON TO THE
LABEL. ANY ALLEN COLLECTION IN THE FLORA OF
PANAMA COLLECTED PRIOR TO OCTOBER, 1936 IS IN
REALITY A HUNTER & ALLEN SERIES NUMBER.
